

# Aitken & Partners

## **Health & Safety Policy**

J.J. Aitken & Partners Pty Ltd provides a healthy and safe work environment for employees and visitors. This is achieved by compliance with all applicable codes of practice and legislation and by taking all reasonable steps to address issues that may arise.

Our objective is to maintain our history of zero workplace injuries in over 20 years of operation. To do this we maintain safe systems of work that are understood, implemented and continually improved by all personnel.

Health and safety are essential components of our planning, purchasing, design, installation and commissioning practices.

Appropriate controls are in place for risk identification and mitigation, training, emergency procedures, performance measurement, communication and monitoring of our objectives.
